I think that every skin care therapists, even though they have experience, can benefit from these videos since there are so much useful information. I really admire Aesthetic VideoSource for their business. Florita Stolyar, Hawthorn Woods, IL I enjoyed the DVDs. They are very educational and informative. Virginia Speranza, NJ, USA I love your videos, they are very helpful and I use them all of the time. I really admire Aesthetic VideoSource for their business. Florita Stolyar, Hawthorn Woods, IL She has been awarded the top honor of International CIDESCO Diplomat. Rita founded the Paramedical Clinic, where physicians referred patients for treatment to alleviate the effects of postsurgical conditions, deformities, and burns. She currently owns and operates the Page Advanced Skin Care Center, which offers a full range of aesthetic and laser procedures. Equipment technique you have to own what she. Equipment technique you have to own what she is showing you. And that poor woman that was her model had to lay there as she is rambling on and on. She should have started the video out by explaining the equipment she owns going through each equipment step and what not to do with the client. Then doing the facial with the client. I'm glad I didn't purchase anymore. The DVD is very informative and has helped me brush up on my skills since I passed my state boards. Its been very helpful watching this video and taking notes. Everyone needs a refresher on knowledge we already know. This DVD definitely helped with that. I think this DVD was worth every penny. I highly recommend it to any skin specialist, especially estheticians. It was packaged well, shipped quickly, and in new condition. <http://adanahavakompresoru.com/userfiles/emacs-reference-manual.xml>

This is a quality seller. A great refresher for those of us that haven't made it into the business yet but have the credentials. Video was very detailed and informative. Extremely please with the teaching topics. Quality of the material is given 9 on 10 scale. Strongly recommend. Learn with great deal the use of the machine after watching the video. In hindsight I would not have bought it. It is informative but not worth the price tag. Quick shipment. Multi function facial systems combine the basic skin care functions for any facial treatment. SEM08 Instruction Manual Please read the instruction carefully before usage. 2 Features and Descriptions Diamond Tips Microdermabrasion Facial Peel Diamond Microdermabrasion treatment is a crystal-free skin care technology. By scrubbing off the inactive dead skin, the active layer can be exposed to the surface.

This process will rejuvenate the skin texture. Diamond Peel Microdermabrasion treatment will settle the skin problems including pores, roughness, pigmentation, stretch marks, fine lines, wrinkles, acne, blackhead, etc. Ultrasound Facial Treatment Taking the ultrasonic facial therapy constantly is beneficial and will solve many skin problems such as sagging, wrinkle, freckle, acne, gloomy, rough, fat deposits. The ultrasonic facial massage treatment will make the skin brightening, tightening, smooth. With the ultrasound function, the skin scrubber can also reduce wrinkle and fine lines, pores, pigmentation, firm and lift the face, improve stretch marks. Galvanic Facial SPA Therapy Galvanic Facial SPA Treatment is a way of easy skin care therapy utilizing BIO galvanic current from a galvanic SPA machine to conduct in the nutrition and out the scrap. The galvanic conductor SPA Equipment works with the treatment gel and nutrition. The galvanic current is safe and no harm to human body. By effect of the galvanic microcurrent from the beauty equipment, the skin absorption to the nutrition ingredients is sharply improved. Benefits of Galvanic Facial SPA Treatment Skin tightening, face lifting, brightening, wrinkle remove, antisagging, crows feet removal. High

Frequency Facial High frequency electrotherapy utilizes glass electrode to generate high frequency microcurrent. The high frequency effects will destroy bacteria and promote lymphatic drainage. A high frequency facial equipment can produce mild heat and increase the skin elastin and collagen generation too. Benefits of High Frequency Facial SPA Equipments clear up acne, revert enlarged pores, remove fine lines and wrinkles, eliminate puffy eyes and dark eye circles, tighten and firm facial skin. Hot and Cold Massage Hammer The Hot and Cold Massager Hammer head uses different temperature simultaneously to stimulate the skin.

The hot side opens pores and improves blood circulation beneath the skin, while the cold side calms the skin and closes pores to lock moisture. This hot and cold hammer massage treatment can promote relaxation, shrink pores, increase absorbency, smooth wrinkles, tighten pores and soothe skin and tone the face, etc. Rotary Cuticle Brushing Rotary facial brush is used to clean the skin, exfoliate dead skin, remove grease and cosmetic remnants, clean pores, blackheads, dirt, etc. It is controlled by the motor so the rotary speed is steady. For better results, it is recommended to moisturize or steam the face before rotary facial brushing, which makes it easier to brush off the dead skin and dirt. Rotary facial brushing therapy makes further facial care treatments more effective. 3 Cosmetics Essence Sprayer Fill the bottles with cosmetics or essence and the sprayer will spray it in mist to the skin. The cosmetics essence mist is so easy to be absorbed by the skin. The cosmetics essence can be selected according to your skin care purpose. Connect the power cord to the power supply and press the mother switch at the back. The machine will be powered and the display on the panel is indicating. 5 1. Performance The performance is the most important thing that you will have to see while buying a facial machine. You will have to see the source of power and then make your buy. Look for the one that comes with higher wattage and allows you to adjust it according to your preference. Consider the one that lets you power it from multiple sources. Construction Always get a facial machine that comes in a durable design. You must

see if it is convenient enough, that lets you easily use it for commercial applications. If it comes with towing wheels, then you can easily take it anywhere you want. Go for the one that is safe to use. Frequency Another important thing that you need to keep in mind is the frequency. A higher frequency delivers outstanding performance, and some will even allow you to adjust it according to your preference.
